That's great. I am around then, but Hunter will be in Africa with his Dad that week. If you want Hunter and me there the best dates would be June 22-24. Devon, not sure if that works for your schedule?

(There may be some time early the week of June 14th, but the schedule then is a little bit up in the air.)

FYI-from Shell they would be interested in meeting with us to discuss their renewable energy efforts.

Would like for all of us to attend this meeting.

I can move my schedule around to make it work.  
Let me know if this date works

Lorenzo

Lorenzo,  
Do you see possible, meeting us next week (Wednesday 9)? If not, do let me know options.

Best regards,

JC

Dear Juan Carlos,

As always it was a pleasure to see you in Washington.

Per our conversation, my partners and I would be interested in meeting with Shell to better understand the groups efforts in the renewable energy sector.

As you know as a private equity group we have been very active in this sector.

Let's coordinate some mutually convenient dates.

Regards,
