Hey Hunter,

Please find attached for a list of 2017 project summary and 2018 potential opportunities. The PDF format is used as it is reader friendly and printer friendly. Not sure what format and length you prefer, so I put together this as a starting point. Any constructive criticism and editing notes from you would be greatly appreciated.

Please note: this version is only for your review. Let's touch base first, as we discussed.

Thank you!

Best,

JiaQi
