Please find attached for a quick note on potential business ideas for 2018. Just some random thoughts as an intellectual exercise, any constructive criticism from you would be greatly appreciated.

The priority might be for us to get a corporate email first. The corporate email address would be helpful for corresponding with external parties. Please refer to the suggested format listed in attachment or below. Please let me know if this sounds OK.

How about: FirstName.LastName@hwinvestmentpartners.com?
for example: Mervyn.Yan@hwinvestmentpartners.com

or FirstMiddleLastNameInitials@hwinvestmentpartners.com?
for example: RHB@hwinvestmentpartners.com

Please let me know if there is anything I can do to be helpful.

Have a wonderful weekend!

Best,

JiaQi
